MAKING A DIFFERENCE

A FOUNDATION IN EQUALITY

Our country was founded on a simple yet powerful truth, that all people are created equal with God-given rights. While this idea has proven harder to put into practice than it is to believe, it has still guided us through hard times. And whenever equality has been recognized and rights have been upheld, our country has been strengthened.

We are again at a time in our history when certain people in our society are seen as inferior and their rights are being trampled. A child, just moments before being born, has lost even the right to life. They are seen as less than a person, as something that can be done away with.

Even as the courts tell us otherwise, we intuitively know that babies are people. We can see in their little smiles and small bodies that they are weak and need us to protect and nurture them. We can see in their eyes that the move from womb to world did not change who they are, and we know that it certainly should not change if they are allowed to live.

In our nation, a grave moral wrong has been made into a protected legal right. Yet, the decision to legalize abortion did not change God's view of this sad act of desperation. All Christians are called to stand for God's truth (Eph. 6:14), to defend the weak and protect the helpless (Pr. 24:11-12). We are called to support those in need (Pr. 31:8-9) and rise up to defend the defenseless (Ps. 82:3-4).

We are called to take action! (Tt. 3:14)

DOES YOUR SUPPORT MATTER?

The fight against the legal slaughter of unborn children has moved, for the most part, to the state and local levels. Across the country local legislators have made commonsense laws, such as requiring medical inspections, that have exposed the evil found in the abortion industry. Many other states have taken the steps to remove tax-funded support of Planned Parenthood, the largest provider of abortions in the U.S. Each of these victories is found on the local and state levels, where your support makes a significant impact. Simply letting your legislators know you appreciate their pro-life support, or calling those who don't to let them know you object, helps.

In national politics, the president decides the Supreme Court justices who can protect or strip rights away. Supporting the pro-life candidate can have decades of impact. Get behind pro-life candidates, tell others about why they should be supported, and then vote for them during the elections. You can make a difference.

WHAT WILL YOU DO?

Abortion is a great evil in our country, and it is time for all Christians to respond. Will you support and love young women in their time of need? Will you volunteer at a Pro-Life organization to spread the truth? Will you support candidates who stand against the culture for life in the womb? Our history is full of victories for equality and rights; will you be a part of this one?
