FR. KEITH'S 100 WORDS: I have said before that it's important to pay attention when the Lord asks us questions. "Who do people say that I am?" helps us to get a feel for the culture. In this day, the culture wants to say that he was a charlatan. However, this answer can often be corrected by our not being charlatans. The problem is not who we say Jesus is, but whether that truth is demonstrated in our own lives in an authentic and radical way. Jesus is Lord. Do we say it with our lives or just our words?
